

SAFETY DATA SHEET

CONFORMS TO OSHA HAZARD COMMUNICATION STANDARD (HCS) 29 CFR 1910.1200

| Page 1 of 5 | |
|----------------------|-----------|
| Revision Date | 7/30/2018 |
| Supersedes Date | 5/30/2017 |

SECTION 1. IDENTIFICATION

| Product identifier: | JAX Magna-Kote® MLD |
|-----------------------|---|
| Part number: | MLD1 |
| Identified uses: | Lubricant where there is no possibility of contact with food |
| Uses advised against: | Not for use where there is the possibility of contact with food. Other uses advised against may be specified elsewhere in this SDS. |

| Supplier: | JAX INC | | |
|----------------------|--|-------------------------|-----------------------|
| | W134 N5373 Campbell Drive | | |
| | Menomonee Falls, WI 53051 USA | | |
| Email contact: | info@jax.com | | |
| Non-emergency | Phone: 262-781-8850 Fax: 262-781-390 | 6 | |
| <u>contact:</u> | | | |
| Emergency telephone: | INFOTRAC: | | |
| | North America 1-800-535-5053 | Australia 1-300-366-961 | Germany 0800-181-2926 |
| | International 011-1-352-323-3500 (collect) | China 400-120-0761 | |

SECTION 2. HAZARD(S) IDENTIFICATION

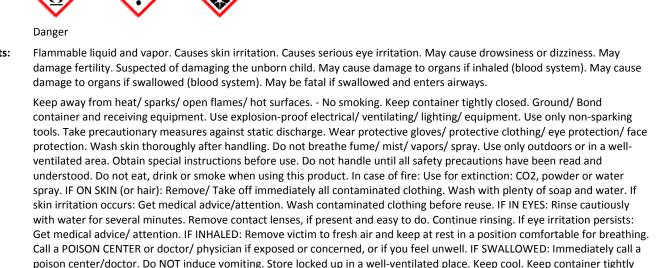

Classification:

Flammable Liquid Cat. 3; Skin Irritation Cat. 2; Eye Irritation Cat. 2A; STOT SE 3 (Central nervous system); Reproductive Tox. 1B (fertility); Repr. Tox. (unborn child) 2; STOT SE 2 (oral; blood system); STOT SE 2 (inhalation; blood system); Aspiration Toxicity Cat. 1

Label elements Plctograms:

| Signal word: | |
|--------------------|--|
| Hazard statements: | |

Precautionary statements:

closed. Dispose of contents/ container in accordance with local/ regional/ national/ international regulations. Hazards not otherwise Harmful to aquatic life with long lasting effects.

classified:

Additional information: Not applicable.

| SECTION 3. COMPOSITION | ON / INFORMATION ON INGREDIENTS | | | | |
|------------------------|--|----------|--------------|-------------------|--|
| Composition: | Chemical name | <u>%</u> | <u>CAS #</u> | Impurities | |
| | Naphtha (petroleum), hydrotreated heavy* | 50-100 | 64742-48-9 | None | |
| | tris(methylphenyl) phosphate | 1-<5 | 1330-78-5 | None | |
| | | | | | |

SECTION 4. FIRST-AID MEASURES

First aid measures

S

| JAX Magna-Kote® MLD | | Page 2 of 5 Revision Date Supersedes Date | 7/30/2018 5/30/2017 |
|---|--|---|------------------------|
| Eye contact: | Remove contact lenses, if wearing, and flush eyes with water for at least 15 minutes or until i persists, consult a physican. | rritation subsides. If | irritation |
| Skin contact: | Remove clothing and shoes, if contaminated. Wash skin with soap and water. Wash or clean or reuse and discard oil-soaked shoes. If irritation persists, consult a physician. | contaminated clothi | ng before |
| Ingestion: | If swallowed, DO NOT induce vomiting. As a precaution, give the person a glass of water to d Never give anything by mouth to an unconscious person. Consult a physician. | rink and seek medica | al attention. |
| Inhalation: | Remove to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration immediately. | ation. Get medical at | ttention |
| Most important symptoms and effects, both acute and delayed | Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness. May d damaging the unborn child. May cause damage to organs if inhaled (blood system). May cause swallowed (blood system). May be fatal if swallowed and enters airways. | o , , | |
| Indication of any immediate medical attention and special treatment available: | See First aid measures (above). | | |
| General information: | No further relevant information available. | | |
| SECTION 5. FIRE-FIGHTIN | IG MEASURES | | |
| Suitable extinguishing media: | Carbon dioxide (CO_2) , dry chemical or water spray. Fight larger fires with water spray or alcoh | ol resistant foam. | |
| <u>Unsuitable</u> extinguishing media: | Do not use direct stream of water. | | |

Specific hazards: Flammable liquid and vapor. Pressure build-up due to heat exposure may cause containers to rupture. Use water spray to keep containers cool.

Advice for firefighters: Firefighters should wear full protective gear, including helmet. Use supplied-air breathing equipment for enclosed or confined space or as otherwise needed.

SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective equipment and emergency procedures: | In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations. Keep away from ignition sources. Wear protective equipment. Keep unprotected persons away. |
|---|--|
| <u>Environmental</u> precautions: | Prevent entry into sewers, waterways or confined areas by diking or impounding. Dike far ahead of spill for later recovery and disposal. Advise authorities if the product has entered or may enter sewers, watercourses, or extensive land areas. |
| <u>Methods for</u> containment and cleaning up | Land spill: Stop leak if you can do so without risk. Recover free product using non-sparking tools. Add sand, earth, or other suitable absorbent material to the spill area. Recover by pumping or with suitable absorbents. Dispose of in accordance with national and/or local regulations relating to waste disposal. Water spill: Stop leak if you can do so without risk. Confine the spill immediately with booms. Remove from the surface by skimming or with suitable absorbents. |
| SECTION 7. HANDLING AND | D STORAGE |

Precautions for safe
handling:Keep away from heat and direct sunlight. Ensure good ventilation/exhaustion at the workplace.Conditions for safe
storage, including any
incompatibilities:Store in a cool, dry place in tightly sealed containers. Store out of direct sunlight. Do not store near heat, sparks, open flame,
pilot lights, static electricity, or other sources of ignition. Do not store where temperature may exceed 49°C (120°F). Store
away from oxidizing agents. Rotate stock.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

| Workplace exposure | Chemical name | Exposure limit and source |
|-----------------------|---|--|
| <u>limits:</u> | Naphtha (petroleum), hydrotreated heavy* | Not available |
| | tris(methylphenyl) phosphate | Not available |
| Exposure controls | | |
| Engineering controls: | Provide exhaust ventilation or other engineering cont occupational exposure limits. | rols to keep the airborne concentration of vapors below their respective |
| Ventilation: | Use in a well-ventilated area. See Engineering Control | 5. |

| JAX Magna-Kote® MLD | | | | Page 3 of 5 Revision Date Supersedes Date | 7/30/2018 5/30/2017 |
|---|--|--|--------------------------|---|------------------------|
| Personal hygiene: | Wash skin thoroughly after contact, before breaks from skin by waterless hand cleaners followed by | | | d. Product is readily | y removed |
| Eye protection: | Chemical splash goggles or face shield in complian | ce with OSHA regulations are adv | vised when | eye contact may o | ccur. |
| Hand protection: | Any lined non-permeable rubber gloves. | | | | |
| Respiratory protection | : Use with adequate ventilation. Respiratory protect local exhaust ventilation to control exposure. In ca NIOSH/MSHA-approved air-supplied respirator is a | se of insufficient ventilation, we | ar suitable | respiratory equipment | |
| CTION 9. PHYSICAL AN | ID CHEMICAL PROPERTIES | | | | |
| Appearance / odor: | Dark gray fluid, very low viscosity, slight mineral spirits odor | Upper flammability limit: Lower flammability limit; | Not availa Not availa | | |
| Physical state: | Liquid | | | | |
| | | Vapor pressure: | Not availa | ble | |
| Odor threshold: | Not available | Vapor density: | Not availa | ble | |
| <u>рН:</u> | Not available | | | | |
| Melting / freezing point | - | Relative density: | 0.80 (typic | al) | |
| Initial boiling point and boiling range: | Not available | Solubility in water: | Not availa | ble | |
| Flash point: | 108°F (42°C), ASTM D 56 | Partition coefficient (n-octanol/water): | Not availal | ble | |
| Evaporation rate: | Not available | Autoignition temperature: | Not availa | ble | |
| | | Decomposition temperature: | Not availa | ble | |
| Flammability (solid, gas): | | | | ble | |
| CTION 10. STABILITY A | AND REACTIVITY | | | | |
| Reactivity: | Not reactive under normal conditions. | | | | |
| Chemical stability: | Stable under recommended conditions. | | | | |
| Possibility of hazardous reactions: | Hazardous reactions are not expected to occur. | | | | |
| Conditions and materials to avoid: | Avoid heat, sparks, open flames and strong oxidizin | ng agents. Avoid prolonged stora | ige at eleva | ted temperatures. | |
| Hazardous decomposition products: | Carbon monoxide, carbon dioxide, oxides of nitrog | en and phosphorus, and various | hydrocarb | ons. | |
| CTION 11. TOXICOLOG | SICAL INFORMATION | | | | |
| Information on likely ro | utes of exposure | | | | |
| Eye contact: | Acute exposure: Causes serious eye irritation. | | | | |
| Skin contact: | Acute exposure: Causes skin irritation. | | | | |
| Inhalation: | Acute exposure: May cause damage to organs if ir swallowed and enters airways. | nhaled (blood system). May caus | e drowsine | ss or dizziness. May | be fatal if |
| Ingestion: | Acute exposure: May cause damage to organs if so swallowed and enters airways. | wallowed (blood system). May ca | ause drows | iness or dizziness. N | /lay be fatal |
| <u>Component</u> | Components | | <u>LC₅₀</u> | | |
| information: | Naphtha (petroleum), hydrotreated heavy* | >5000 mg/kg (oral, rat) | Not | available | |
| | tris(methylphenyl) phosphate | 15750 mg/kg (oral, rat) | Not | available | |
| Information on physical | , chemical and toxicological effects | | | | |
| Symptoms: | See Section 4 of this SDS for symptoms. | | | | |
| Delayed and immediate | effects, and chronic effects, from short and long-te | erms exposure | | | |
| Effects: | Chronic exposure: May damage fertility. Suspecte | | | | |

Page 3 of 5

Effects:Chronic exposure: May damage fertility. Suspected of damaging the unborn child.Carcinogenicity:No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Not determined

JAX Magna-Kote® MLD

toxicity:

SECTION 12. ECOLOGICAL INFORMATION

| Ecotoxicity: | Harmful to aquatic life with long lasting effects. | |
|--------------------------------------|---|---|
| Component information: | <u>Components</u> Naphtha (petroleum), hydrotreated heavy* tris(methylphenyl) phosphate | <u>L(E)C₅₀</u> Not available 0.146 mg/l/48h (Daphnia magna) |
| Persistence and degradability: | Not determined | |
| <u>Bioaccumulative</u> potential: | Not determined | |
| Mobility in soil: | Not available | |
| Other adverse effects: | Not determined | |

SECTION 13. DISPOSAL CONSIDERATIONS

Waste treatmentDisposal must be in accordance with current applicable laws and regulations, and material characteristics at time of disposal.methods:Consult national or regional authorities for proper disposal and reporting procedures.

SECTION 14. TRANSPORTATION INFORMATION

Dangerous goods descriptions may not reflect package size, quantity, end-use or region-specific exceptions that can be applied to shipments. Consult shipping documents for material-specific descriptions.

| | Proper Shipping Name: | UN Number: | Hazard <u>Class:</u> | Packing <u>Group:</u> | Remarks: |
|--------------------|--|------------|-------------------------|--------------------------|---|
| <u>U.S. D.O.T.</u> | Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy) | UN1993 | 3 | III | Refer to Code of Federal Regulations, Title 49 (49 CFR) for additional information on provisions, packaging, and Limited Quantity exceptions. |
| ADR/RID | Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy) | UN1993 | 3 | III | Refer to ADR/RID regulations for information regarding excepted quantities. Tunnel restriction code: D/E. |
| IMDG | Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy) | UN1993 | 3 | 111 | Refer to IMDG regulations for information regarding excepted quantities. |
| <u>IATA</u> | Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy) | UN1993 | 3 | III | None |

SECTION 15. REGULATORY INFORMATION

U.S. Federal Regulations

| SARA Section 302 Extremely Hazardous Substances: | This product contains greater than 1.0% of the following chemical(s) on the SARA Extremely Hazardous Substances List: None |
|--|--|
| SARA Section 304 CERCLA Hazardous Substances: | Release of the following chemical(s) at quantities equal to or greater than the reportable quantities (RQ), is subject to reporting to the National Response Center under CERCLA: None |
| SARA Section 313 Toxic Chemicals: TSCA Inventory: | This product contains the following chemical(s) listed in Section 313 at or above the de minimis concentrations: None All components are either listed or exempted from listing on the TSCA Inventory. |
| U.S. State Regulations California Proposition 65 Status: California Proposition 65 Listed Components: | This product contains chemical(s) known to the State of California to cancer, birth defects, or other reproductive harm. Ethylbenzene; Naphthalene. |

International Regulations

Canada:

This product has been classified in accordance with the hazard criteria of WHMIS 2015 and the SDS contains all of the information required by those regulations.
