

SAFETY DATA SHEET

CONFORMS TO OSHA HAZARD COMMUNICATION STANDARD (HCS) 29 CFR 1910.1200

SECTION 1. IDENTIFICATION

Product identifier:	JAX Magna-Kote [®] S3D		
Part number:	S3D1		
Identified uses:	Lubricant where there is no possibility of contact w	with food	
Uses advised against:	Not for use where there is the possibility of contac SDS.	ct with food. Other uses advised	against may be specified elsewhere in this
Supplier:	JAX INC.		
	W134 N5373 Campbell Drive		
	Menomonee Falls, WI 53051 USA		
Email contact:	info@jax.com		
Non-emergency	Phone: 262-781-8850 Fax: 262-781-3906		
<u>contact:</u>			
Emergency telephone:	INFOTRAC:		
	North America 1-800-535-5053 A	Australia 1-300-366-961	Germany 0800-181-2926
	International 011-1-352-323-3500 (collect)	China 400-120-0761	

SECTION 2. HAZARD(S) IDENTIFICATION

Classification:

Flammable Liquid Cat. 3; Skin Irritation Cat. 2; Eye Irritation Cat. 2A; STOT SE 3 (Central nervous system); Reproductive Tox. 1B (fertility); Aspiration Toxicity Cat. 1

Signal word:	Danger
Hazard statements:	Flammable liquid and vapor. Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness. May damage fertility. May be fatal if swallowed and enters airways.
Precautionary statements:	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/ sparks/ open flames/ hot surfaces No smoking. Keep container tightly closed. Ground/ Bond container and receiving equipment. Use explosion-proof electrical/ ventilating/ lighting/ equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves/ protective clothing/ eye protection/ face protection. Wash skin thoroughly after handling. Avoid breathing fume/ mist/ vapors/ spray. Use only outdoors or in a well-ventilated area. IF SWALLOWED: Immediately call a poison center/ doctor. Do NOT induce vomiting. IF ON SKIN (or hair): Remove/ Take off immediately all contaminated clothing. Wash with plenty of soap and water. Wash contaminated clothing before reuse. If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/ physician if you feel unwell. If exposed or concerned: Get medical advice/ attention. In case of fire: Use carbon dioxide (CO2), dry sand, dry chemical or alcohol-resistant foam for extinction. Store locked up in a well-ventilated place. Keep cool. Dispose of contents/ container in accordance with local/ regional/ national/ international regulations.
Hazards not otherwise	Not applicable.

classified:

Additional information: Not applicable.

SECTION 3. COMPOSITION / INFORMATION ON INGREDIENTS

Composition:	Chemical name	<u>%</u>	<u>CAS #</u>	Impurities
	Naphtha (petroleum), hydrotreated heavy*	60-90	64742-48-9	None
	tris(methylphenyl) phosphate	<1	1330-78-5	None

SECTION 4. FIRST-AID MEASURES

First aid measures	
Eye contact:	Remove contact lenses, if wearing, and flush eyes with water for at least 15 minutes or until irritation subsides. If irritation persists, consult a physican.
Skin contact:	Remove clothing and shoes, if contaminated. Wash skin with soap and water. Wash or clean contaminated clothing before reuse and discard oil-soaked shoes. If irritation persists, consult a physician.
Ingestion:	If swallowed, DO NOT induce vomiting. As a precaution, give the person a glass of water to drink and seek medical attention. Never give anything by mouth to an unconscious person. Consult a physician.

Inhalation: Remove to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Get medical attention immediately.

Most important	May damage fertility.
symptoms and effects,	
both acute and delayed:	
Indiantian of any	

 Indication of any
 See First aid measures (above).

 immediate medical
 attention and special

 treatment available:

General information: No further relevant information available.

SECTION 5. FIRE-FIGHTING MEASURES

<u>Suitable extinguishing</u> <u>media</u> :	Carbon dioxide (CO ₂), dry chemical or water spray. Fight larger fires with water spray or alcohol resistant foam.
Unsuitable extinguishing media:	Do not use direct stream of water.
Specific hazards:	Flammable liquid and vapor. Pressure build-up due to heat exposure may cause containers to rupture. Use water spray to keep containers cool.
Advice for firefighters:	Firefighters should wear full protective gear, including helmet. Use supplied-air breathing equipment for enclosed or confined space or as otherwise needed.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:	In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations. Keep away from ignition sources. Wear protective equipment. Keep unprotected persons away.
Environmental precautions:	Prevent entry into sewers, waterways or confined areas by diking or impounding. Dike far ahead of spill for later recovery and disposal. Advise authorities if the product has entered or may enter sewers, watercourses, or extensive land areas.
Methods for containment and cleaning up	 Land spill: Stop leak if you can do so without risk. Recover free product using non-sparking tools. Add sand, earth, or other suitable absorbent material to the spill area. Recover by pumping or with suitable absorbents. Dispose of in accordance with national and/or local regulations relating to waste disposal. Water spill: Stop leak if you can do so without risk. Confine the spill immediately with booms. Remove from the surface by skimming or with suitable absorbents.
SECTION 7. HANDLING AN	D STORAGE

Precautions for safe handling:	Keep away from heat and direct sunlight. Ensure good ventilation/exhaustion at the workplace.
<u>Conditions for safe</u> storage, including any incompatibilities:	Store in a cool, dry place in tightly sealed containers. Store out of direct sunlight. Do not store near heat, sparks, open flame, pilot lights, static electricity, or other sources of ignition. Do not store where temperature may exceed 49°C (120°F). Store away from oxidizing agents. Rotate stock.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

<u>Workplace exposure</u> limits:	<u>Chemical name</u> Naphtha (petroleum), hydrotreated heavy* tris(methylphenyl) phosphate	Exposure limit and source Not available Not available	
Exposure controls Engineering controls:	Provide exhaust ventilation or other engineering contro occupational exposure limits.	ide exhaust ventilation or other engineering controls to keep the airborne concentration of vapors below their respective pational exposure limits.	
Ventilation:	Use in a well-ventilated area. See Engineering Controls.		
Personal hygiene:		thoroughly after contact, before breaks and meals and at the end of the work period. Product is readily removed by waterless hand cleaners followed by washing thoroughly with soap and water.	
Eye protection: Hand protection:			
Respiratory protection			

NIOSH/MSHA-approved air-supplied respirator is advised in absence of proper environmental control.

-				
	Appearance / odor:	Dark green fluid, very low viscosity, slight mineral spirits odor	Upper flammability limit:	Not available
		spints oddi	Lower flammability limit:	Not available
	Physical state:	Liquid	Vapor pressure:	Not available
	Odor threshold:	Not available	Vapor density:	
	<u>рН</u> :	Not available		Not available
	Melting / freezing point:	Not available	Relative density:	0.79 (typical)
	Initial boiling point	Not available		
	and boiling range:		Solubility in water:	Not available
	<u>Flash point:</u>	118°F (48°C), ASTM D 56	Partition coefficient (n-octanol/water):	Not available
	Evaporation rate:	Not available	Autoignition temperature:	Not available
	Flammability (solid, gas):	Not applicable	Decomposition temperature:	Not available
	<u>rianiniapinty (solid, gasj</u> ,	not applicable	<u>Viscosity:</u>	Not available

SECTION 10. STABILITY AND REACTIVITY

Reactivity:	Not reactive under normal conditions.
Chemical stability:	Stable under recommended conditions.
Possibility of hazardous reactions:	Hazardous reactions are not expected to occur.
Conditions and materials to avoid:	Avoid heat, sparks, open flames and strong oxidizing agents. Avoid prolonged storage at elevated temperatures.
Hazardous decomposition products:	Carbon monoxide, carbon dioxide, oxides of nitrogen and phosphorus, and various hydrocarbons.

SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure					
Eye contact:	Causes serious eye irritation.				
Skin contact:	Causes skin irritation.				
Inhalation:	May cause drowsiness or dizziness. May damage fertility. May be fatal if swallowed and enters airways.				
Ingestion:	May cause drowsiness or dizziness. May damage fertility. May be fatal if swallowed and enters airways.				
<u>Component</u>	Components	<u>LD₅₀</u>	<u>LC₅₀</u>		
information:	Naphtha (petroleum), hydrotreated heavy*	>5000 mg/kg (oral, rat)	Not available		
	tris(methylphenyl) phosphate	15750 mg/kg (oral, rat)	Not available		
Information on physical,	chemical and toxicological effects				
Symptoms:	See Section 4 of this SDS for symptoms.				
Delayed and immediate	effects, and chronic effects, from short and long-terms e	exposure			
Effects:	Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness. May damage fertility. May be fatal if swallowed and enters airways.				
Carcinogenicity:	No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.				
<u>Numerical measures of</u> toxicity:	Not determined				
SECTION 12. ECOLOGICAL INFORMATION					
Ecotoxicity:	Not available.				
Component	Components	<u>L(E)C₅₀</u>			

<u>Component</u> information: Naphtha (petroleum), hydrotreated heavy*Not available
0.146 mg/l/48h (Daphnia magna)Persistence and
degradability:Not determinedBioaccumulative
potential:Not determinedMobility in soil:Not availableOther adverse effects:Not determined

SECTION 13. DISPOSAL CONSIDERATIONS

Waste treatmentDisposal must be in accordance with current applicable laws and regulations, and material characteristics at time of disposal.methods:Consult national or regional authorities for proper disposal and reporting procedures.

SECTION 14. TRANSPORTATION INFORMATION

Dangerous goods descriptions may not reflect package size, quantity, end-use or region-specific exceptions that can be applied to shipments. Consult shipping documents for material-specific descriptions.

	Proper Shipping Name:	<u>UN Number</u> :	Hazard <u>Class:</u>	Packing <u>Group</u> :	Remarks:
<u>U.S. D.O.T.</u>	Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy)	UN1993	3	III	Refer to Code of Federal Regulations, Title 49 (49 CFR) for additional information on provisions, packaging, and Limited Quantity exceptions.
<u>ADR/RID</u>	Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy)	UN1993	3	III	Refer to ADR/RID regulations for information regarding excepted quantities. Tunnel restriction code: D/E.
IMDG	Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy)	UN1993	3	III	Refer to IMDG regulations for information regarding excepted quantities.
<u>IATA</u>	Flammable liquid, n.o.s. (Naphtha (petroleum), hydrotreated heavy)	UN1993	3	III	None

SECTION 15. REGULATORY INFORMATION

U.S. Federal Regulations

SARA Section 302 Extremely Hazardous Substances:	This product contains greater than 1.0% of the following chemical(s) on the SARA Extremely Hazardous Substances List: None
SARA Section 304 CERCLA Hazardous Substances:	Release of the following chemical(s) at quantities equal to or greater than the reportable quantities (RQ), is subject to reporting to the National Response Center under CERCLA: None
Chemicals:	This product contains the following chemical(s) listed in Section 313 at or above the de minimis concentrations: None
TSCA Inventory: U.S. State Regulations	All components of this material are on the U.S. TSCA Inventory.
California Proposition 65 Status:	This product contains chemical(s) known to the State of California to cause birth defects or other reproductive harm.
California Proposition 65 Listed Components:	None

International Regulations

Canada:	This product has been classified in accordance with the hazard criteria of WHMIS 2015 and the SDS contains all of the information required by those regulations.
Japan MITI:	Not available
Australia:	Not available
Switzerland:	Not available

SECTION 16. OTHER INFORMATION

Sections Revised: Se	ctions 2, 4 and 11.
----------------------	---------------------

Revision Date: 4/11/2017

The information and recommendations contained herein are, to the best of JAX INC.'s knowledge and belief, accurate and reliable as of the date issued. JAX INC. makes no warranty or guarantee, expressed or implied, of their accuracy or reliability, and JAX INC. shall not be liable for any loss or damage based upon the criteria supplied by the developers of these rating systems, together with JAX INC.'s interpretation of the available data.
